The Spring Summer 2026 Collection is designed to accompany dancers with pieces that feel natural, expressive, and refined. Soft shapes, subtle contrasts, and clean lines highlight the dancer's presence, creating effortless harmony in motion.

Aura Collection. Delicate lace blooms over a palette of rose hues, aqua blues, and earth tones, creating a harmony of contrasts, softness, and serenity. Subtle beauty unfolds with every movement, capturing an aura of timeless grace.

Horizon Collection. Fluid lines and structured details evoke the calm balance of an imagined horizon, enhanced by delicate matching tulle designs. This collection conveys openness, balance, and subtle sophistication.

Essential Collection. Our best-selling classic leotards evolve with new, refined uniform designs. Fresh styles join our signature Meryl leotards—timeless, classic, elegant, and designed for everyday practice.

Celestial Collection. A serene blend of comfort and elegance that elevates the art of warming up. Soft textures and minimal shapes define our new warmup essentials, crafted for quiet elegance and ease.

Bamboo Collection. Our natural bamboo fiber evolves into warmups created exclusively from bamboo—without elastane—for a 100% natural, sustainable line. Soft striped designs reinterpret our iconic styles, offering comfort with a genuine connection to nature.

Finally, we introduce **two new essentials**: a charming bag designed especially for little dancers, and a new T-shirt made to accompany every dancer's streetwear or studio look—fresh, versatile, and irresistibly wearable.
